- c. By participating in an ASPT tournament, players consent to being photographed, filmed, recorded, and broadcasted through any medium.
- d. Players acknowledge that contacts and personal details will be included in the ASPT database, by agreeing upon ASPT privacy policy, potentially resulting in the receipt of marketing materials related to ASPT.

2. TDA rules

- a. ASPT follows the TDA rules.
- b. All regulations that are set forth in the articles and clauses to follow take precedence over the TDA rules.

- b. However, considering the overwhelming percentage of Japanese players, Japanese may be tolerated given that it strictly does not undermine the integrity of the game.

7. Misclicks (Errors in verbal declaration and errors in throwing out chips)

- a. When a player immediately attempts to correct his mistake, the TD can allow the player to redo the action. The following are such examples:
 - i. Blinds are 1000-2000. A player declares "fifty thousand" and then corrects himself by saying, "I meant five thousand."
 - ii. Blinds are 100-200. A player says "raise" and puts out a 5,000 chip. Dealer announces "raise to five thousand", then the player says, "I put out the wrong chip, I wanted to raise to 500."
 - iii. Facing a bet of 2000, a player puts out 3,000. Dealer tells the player that he is supposed to make it to 4,000. The player says he meant to call, and not raise.
- b. The player in question will be warned and may be penalized for creating confusion.
- c. This house rule aims to do the following.
 - i. It makes it nearly impossible for players to angle shoot by "pretending" to make a mistake in order to disguise the strength of one's hand and trap opponents.
 - ii. It reduces the punishment towards innocent mistakes.
 - iii. It is not the intention of this rule to allow players to easily redo their actions.

8. Accidentally killed hands

- a. Players are responsible for protecting their hands. However, when hands are accidentally killed, the TD will try to restore the hand as much as possible, if he is able to identify them with sufficient certainty, including asking the player what hand he held.
- b. If not, the TD will make a ruling according to the TDA rules.

9. Out of turn actions (OOT)

- a. When a player checks out of turn, he does not have the option to raise if the player in turn decides to bet.
 - i. OOT player still retains the option to check-raise if the player after him bets and the action comes back to him.
- b. Players will get penalized for acting out of turn in the following cases:
 - i. repeated violation
 - ii. intentional violation
 - iii. when the violation caused a non-insignificant loss of EV on another player in a multi-way pot.

10. Usage of electronic devices

- a. Any usage of devices that may compromise the integrity and the security of the game may be banned or restricted at any time at the sole discretion of ASPT.

 - iii. Any form of RTA (real time assistance) is strictly prohibited, and the offender will be disqualified.
- d. Phones and tablets
 - i. Usage of phones and tablets while in a hand is not allowed. The screen must be turned off, or the device must be placed face down.
 - ii. Electronic devices must not be placed anywhere on the poker table when orbit-for-orbit starts (or the bubble when single table) until the conclusion of the tournament.
 - iii. Talking on the phone at the table is not allowed at all times.
 - iv. Texting between players at the same table is strictly prohibited.
 - v. Floormen reserve the right to check the screen and the content shown on the player's device at all times.
- e. Headphones and earphones
 - i. They are allowed to be in use, including while one is in a hand.
 - ii. They are not allowed after orbit-for-orbit starts (or the bubble when single table) until the conclusion of the tournament.
 - iii. Players are encouraged to take them off when they are in a hand. Frequent inattentiveness due to ears being covered may be penalized.
- f. Failure to comply with any of the above will result in a penalty. Serious offenses will incur heavier penalties.

11. Player's obligation to play in a timely manner

- a. ASPT does not condone stalling. All players are obligated to act in a timely manner, and contribute to a smoothly paced game.
- b. ASPT believes that players should be given enough time to decide their actions. However, ASPT strongly discourages excessively slow actions, and may give warnings, penalties, or impose special measures (including an individual shot clock) to such players. Examples include, but are not limited to, the following.
 - i. Routinely taking unnecessary time to fold a that you have already decided to fold. For example, where a few seconds should suffice for routine preflop folds, staring down at your opponents, then taking several seconds to check one's cards, then staring down at your opponents again, and slowly mucking your hand will not be tolerated.
 - ii. Routinely asking the dealer of the current action and bet sizes, while refusing to take off one's headphones.
 - iii. Getting distracted by other activities (phone activities, chatting with a friend, etc.), routinely causing the table to remind you that it is your turn to act.
 - iv. Using an excessive amount of small denomination chips to make bets and raises. If the bet is 3300, using 33 \$100 chips is not welcomed.

14. Payout

- b. In all multi-flight events,
 - i. each flight will pay 15% of the field of each flight, rounded up;
 - ii. each flight will play until the money;

15. Deals

- a. Deal makings are not allowed prior to the final table.
- b. All types of deals will be mediated by the floorman in charge.
- c. The floorman will initiate the deal-making only when there is a unanimous interest in making a deal.
- d. Once there is a unanimous agreement to discuss a deal, the floorman in charge will always let the players know the prize distribution based on the Independent Chip Model.
- e. Tournament will terminate if the deal leaves no cash prize to compete over, and the trophy will be awarded to the player who has the most chips.
- f. When a deal is made, all the remaining players will only receive POS points equal to the points that would have been awarded to the worst place finisher.
- g. Players are strictly prohibited from pressurizing others into making a deal.

 - ii. The player who has the bring-in starts the action by checking or completing the bet.
 - iii. Ante is posted first prior to the bring-in.

18. Mixed Games
